## TECH SKILLS

- PYTHON
- DJANGO
- MySQL, ORACLE
- JAVASCRIPT
- HTML
- CSS
- GIT, GitHub
- LIBRARY
- FRAMEWORKS
- WEB DEVELOPMENT

## LANGUAGES

- ENGLISH
- TAMIL

## PROFILE

I have completed numerous mini and larger-scale web projects, each crafted with care and creativity.

These projects include interactive games, responsive web pages, and practical web tools.

Through building them, I have strengthened my skills in HTML, CSS, Bootstrap, JavaScript, and Python.

## EDUCATION

**Bachelor of Computer Science** Graduated: 2025  
BSc Computer Science | Periyar University  
**GPA:** 7.1/ 10

**High School** Graduated: 2022  
High School of Government  
**GPA:** 75%

## PROJECTS

### Web Development Projects:

- **YouTube Clone Page** - Built a responsive YouTube-like interface using HTML & CSS to practice layout, design, and positioning techniques.
- **Rock Paper Scissors Game** - Developed an interactive game using HTML, CSS, and JavaScript to implement game logic and user interactions.

### Mini Projects:

- **Random Password Generator, QR Code Generator** - Created a simple tool using JavaScript, HTML, and CSS to generate secure random passwords with dynamic length options.

## ACHIEVEMENTS & CERTIFICATION

- **Oracle Certified Foundation Associate**
- **IBM - IBMCE - JavaScript**
- **Simplilearn Skillup - JavaScript for Beginners**
